

Find a Project - Depending on what you are looking for (proposal, OR review screen, project routing, etc) using Find a Project can be a helpful shortcut to navigate directly to a section with just one click. But using Find a Project in eProposal Assistant vs. OR Assistant produces different results:

Find A Project ◀ Back

Find a Project Filters ⓘ

Display Projects by: Proposal Number

Sponsor:

Active Principal Investigator:

Department:

Proposal Number: P0064089

Project Short Title:

Sponsor Due: -

Award Number:

Project Status: All

Reference Number	Track Location	Status	Request Type	Details	Proposal Number	Created By	Date Created	Modified By	Date Modified
118681	1	2	Continuation Form	📄	P0064089	Administrator	09/13/2014	Administrator	09/13/2014
101733	📄	✔	Proposal Form	📄	P0046269	Administrator	09/13/2014	Administrator	09/13/2014
118680	📄	✔	Continuation Form	📄	P0060348	Administrator	09/13/2014	Administrator	09/13/2014

Example: Searching for a continuation through **eProposal Assistant** to access the **proposal** screen.

- 1) The magnifying glass icon will take you directly to the PI/Chair routing list
- 2) The continuation form link will take you directly to the **proposal** page.
- 3) The notepad icon will take you to the parent project management screen

Example: Searching for a continuation through the **OR Assistant** to find the **review and submission** tabs:

- 1) The magnifying glass icon will take you directly to the PI/Chair routing list
- 2) The continuation form link will take you directly to the **review/submission OR page**.
- 3) The notepad icon will take you to the parent project management screen
